Lodge Pleads Case Of U. S. Fliers At U. N.

Both Canada, Britain Give Support

UNITED NATIONS, N. Y. Henry Cabot Lodge Jr., Wednesday night appealed urgently to the U. N. Assembly to throw its moral force behind a demand for the release of 11 American airmen jailed as spies in Red China.

He also called upon the Communists to send home hundreds of other U. N. personnel not yet repatriated. He said the list totaled 2,840 names.

The chief American delegate pleaded to a tense Assembly immediately after the delegates overrode Soviet bloc objections and voted 48-5 to put the case of the airmen on its agenda. The Assembly also voted 44-8 for an immediate debate, by-passing the usual committee action.

Strongly supported by British Minister of State Anthony Nutting and Canadian Foreign Secretary Lester B. Pearson, Lodge called for prompt passage of a resolution by the 16 Korean War Allies. This would ask the secretary general, Dag Hammarskjöld, to use "continuing and unremitting efforts" to obtain the release of the captured airmen and report back by Dec. 31.

The debate on putting the complaint on the Assembly's agenda was long and acrimonious. Lodge opened it with an assault on Communist procedural obstacles to an immediate debate. He said the Communist objections that the men actually were spies and that the U. N. had no right to intervene were "nothing but a quibble and a hollow quibble at that."

Lodge said the United States and its Korean Allies had exhausted every other avenue for the release of the 11 airmen and all other unreported personnel and said that the case "belongs here."

Close Hearings On Communists In Defense Plants

WASHINGTON (AP)—The Senate Investigations subcommittee closed down its public hearings on communism in defense plants Wednesday night after hearing 11 witnesses in open session.

Seven of these—two Tuesday and five Wednesday—declined to answer questions about possible Communist affiliations. The subcommittee asked their companies to fire them, and asked the Defense Department to bring pressure for such action if the firms did not cooperate.

Bethlehem Steel Co., announced Wednesday that two witnesses identified as Communists who refused to answer questions at the opening public session would be fired.

Sen. Potter (R-Mich.), who was presiding as the hearings ended, said there were no present plans to resume them. James M. Juliana, acting staff director, said staff work on the probe would continue however.

Chairman McCarthy (R-Wis.) said last week that 42 subpoenas were being issued but the number of persons heard at the public sessions was far fewer than that. The key accusing witness was Herman E. Thomas, of Allentown, Pa., who testified he was a Communist from 1937 to 1939 and then went back into the party from 1944 through 1954 as an undercover worker for the FBI.

One of the five who refused to answer questions Wednesday is Paul Ault, 43, who works for Bethlehem Steel at Williamsport, Pa. He denounced Thomas as "a lying stool pigeon" and "a smirking Judas."

POLISH RED PICKED CANDIDATES FAIL TO WIN

VIENNA, Austria (AP)—Poland's Communist government admitted Wednesday its hand-picked candidates in 11 districts failed to win Sunday's local council elections.

The official Polish news agency reported from Warsaw that fewer than the necessary half of the eligible voters balloted in five districts, while the official candidates in six other districts did not get the required number of votes.

The number of candidates not elected and the total number of districts were not disclosed.

Western officials here said the voters' reaction reflects the Polish farmers' opposition to collectivization and dictation by the government.

CIO Will Ask Wage Hikes Since Economic Outlook Appears Rosy

LOS ANGELES (AP)—CIO leaders said Wednesday an improving economic outlook for 1955 has raised their sights toward bigger wage and other gains, even if strikes are needed to win them.

A "confidential" report circulated among leaders at the CIO convention takes a generally more optimistic view of conditions next year than the CIO previously had recognized.

It estimates that 1955 will be a better year than 1954 but not so good as 1953. It anticipates an increase of 14 to 25 per cent in total production of goods and services, although saying this will not be enough to insure full employment. In fact, it says the 1955 jobless average may be higher than in 1954.

U. S. Nationalist Pact. Provocation To War, Chou

TOKYO (Thursday) (AP)—Premier Chou En-lai of Communist China Thursday called the U. S.-Nationalist mutual defense treaty "a grave provocation against the People's Republic of China."

And unless the United States withdraws its forces from Nationalist Formosa and Formosa Strait "it must take upon itself all the grave consequences," Chou declared in a statement broadcast by Peking radio.

"On behalf of the government of the People's Republic of China," Chou said, "I hereby declare: 'Taiwan (Formosa) is China's territory and (present) Chiang Kai-shek (of Nationalist China) is the public enemy of the Chinese people.'

"To liberate Taiwan and liquidate the traitorous Chiang Kai-shek clique is a matter which falls entirely within the scope of China's sovereignty and internal affairs and no interference of any foreign country will be tolerated."

It was Chou's second attack of the week on the treaty signed last week in Washington under which the United States would protect Formosa and the nearby Pescadorees from invasion.

Chou repeated his charge made Monday at a diplomatic reception that the treaty was designed to "legalize" U. S. "armed seizure of China's territory of Taiwan" and "to extend its aggression against China and prepare a new war."

The Premier, who also is foreign minister, asserted the defense pact "has no legal basis whatever and is null and void." He styled it "a treaty of war and aggression."

Russia's Nuclear Advances Approach Those Of U. S., Gavin

DETROIT (AP)—A high ranking Army general said Wednesday night that Russia is increasing production of atomic and hydrogen weapons "to the point where it will in the foreseeable future, reach a state of military parity with the United States."

Maj. Gen. James M. Gavin, Army assistant chief of staff, made the prediction in an address to the Ordnance Assn.

Gavin said the last May Day demonstration of military equipment in Moscow "clearly demonstrated Soviet advances in the development of modern weapons, in helicopter lifts, in highly mechanized and modernized land forces and in medium and heavy bombers."

Gavin discussed some of the Army's weapons, including its new anti-aircraft guided missile, the Nike.

He said the "Nike has entirely measured up to our expectations of its performance; based on that performance to date, we are convinced that Nike is an effective weapon against modern aircraft and aircraft of the foreseeable future."

Among other things, he said "the Nike is effective against any type of aircraft, including jet aircraft," against which it has been tested.

The Army was asked by reporters in Washington Wednesday night what type of aircraft Gavin meant when he mentioned a jet. The answer was:

"These aircraft included F80 jets flying at speeds of from 450 miles per hour up to varying altitudes."

W. GERMANY DEFENSE FUND

BONN, Germany (AP)—The West German government has earmarked \$2,142,000,000 for defense costs in the next fiscal year's budget, presented to Parliament Wednesday. That's about a third of the proposed total expenditures.

Witness Calls Sheppard's Broken Neck 'Little Thing'

CLEVELAND (AP)—Dr. Samuel Sheppard's widely heaped broken neck was described Wednesday by a friendly witness as a possible chip fracture—"a little thing." It never could be pinned down after the first X-ray.

The testimony came from Dr. Gervase Flick, a tall, gray X-ray analyst at Sheppard's osteopathic hospital. He was a defense witness at Sheppard's trial for the July 4 murder of his pregnant wife, Marilyn.

For six to eight weeks after the slaying, the 30-year-old osteopath wore a neck brace and his brother said the neck was broken by an unknown stranger who killed Marilyn. The state has been trying to prove the injury trivial, the brace unnecessary.

Dr. Flick testified he was called in to examine the first X-ray prints the morning of July 4.

"I saw a shadow that is consistent with separation of the lower back tip (of the second vertebrae of the neck) which would be a chip," Dr. Flick recalled. "It's a little thing which we characterize as a chip fracture."

The analyst conceded it was so vague that it took him 48 hours to assure himself it wasn't just a flaw on the X-ray print.

Dr. Flick testified that two other sets of X-rays were made without again detecting the chip fracture. The third set was shot with Dr. Sheppard's neck brace off. Shown the third print, Dr. Flick was asked by Asst. Prosecutor Thomas Parrino:

"In the last picture taken do you see any fracture?"

"No, I don't," the witness replied.

Will Ask Increase In State Jobless Compensation

CHICAGO (AP)—The Illinois State Federation of Labor said Wednesday it will ask that unemployment compensation be raised to \$40 a week as part of its 1955 legislative program.

Maximum benefits for jobless in the state now are \$37 a week for 26 weeks.

Stanley L. Johnson, secretary-treasurer of the state federation, said it also will ask the Legislature to change the state law to cover all employers who have one or more workers.

The law now applies only to employers with six or more workers. A change in the Federal Unemployment Compensation Act extends coverage to employers with four or more workers, effective Jan. 1, 1956.

Samuel C. Bernstein, state unemployment compensation commissioner, said the state will "fall in line" with the federal change. Bernstein said the raise from \$27 to \$40 a week asked by the ISFL would mean an additional outlay of 16 million dollars by the state, an overall raise of 29 per cent. This is based on figures of the year ended April 1, 1954.

DECEASED VA OF \$2,400

CHICAGO (AP)—Kline Proud, 31, operator of the Streator, Ill. Air Service, was placed on probation Wednesday after pleading guilty to defrauding the Veterans Administration of \$2,400.

Proud told Federal Judge Julius J. Hoffman that of the \$3,098 he collected from the government for giving flying lessons, \$2,400 represented time not actually flown by his pupils training under the GI bill.

He had resigned from the newspaper, effective Dec. 18, and had planned to return to the Chicago home of his parents, Mr. and Mrs. Charles Johnson. She had explained that her parents were ill.

Miss Johnson said that Panek did not threaten her at any time while she was in the car with him, and when he let her out of the car he handed her the .22 caliber rifle which he had carried into the newspaper office.

"Here, you take the gun," she quoted Panek as saying. "I didn't want to hurt you or anybody else with it."

Bob Topping, a reporter who witnessed the kidnapping, gave this account:

"We were all working at our desks, hurrying to meet the afternoon deadline. In marched Panek, brandishing that .22 caliber rifle. It looked as big as a 20 millimeter cannon to me."

"Panek walked over to the desk where Miss Johnson was working. Forbes Julian, the managing editor, looked up, saw what was going

Fears Of Global War Diminish, Eisenhower

President Unwilling To Engage In Diatribe With Sen. McCarthy

WASHINGTON (AP)—President Eisenhower shunned a personal word battle with Republican Sen. McCarthy of Wisconsin Wednesday while declaring the American people want a government run by "progressive moderates."

And that is exactly what I am working for," the President added. Eisenhower, with his temper apparently well contained, told his news conference crisply that he would not reply to McCarthy's attack on him Tuesday. The senator had accused him of displaying a "shrinking show of weakness" toward communism.

The President said he stands for positive things and does not indulge in personal vituperation or quarrels of any kind. He did not mention McCarthy's name once during the conference.

When a reporter spoke of the possibility of the "extreme right wing" of the Republican party following McCarthy into a new party in 1956, Eisenhower said if people want to split off because of secondary or lesser considerations, that will have to be their business. McCarthy said Tuesday he has no interest in a third party "at this time."

From the beginning I have tried to stand for something that is positive and progressive," the President declared.

"I believe that the federal government has a continuous, definite obligation to study the needs of 163 million people, our standing abroad, our security from attack, and the arrangement of the connections between government and our economy, our industries and our individuals."

"Now that is the kind of program that I stand for," Eisenhower continued, "and if there are enough people willing to go along with it, then we have no fear."

"If people want to split off because of some other secondary or lesser consideration, that will have to be their business."

"But I do know that so far as I can determine, the great mass of the people of the United States want what I would call a group of progressive moderates handling their business."

"And that is exactly what I am working for."

The White House authorized direct quotation of these comments. There was nothing in Eisenhower's demeanor Wednesday to indicate (Continued on Page Nine)

INDICT CLINNIN FOR FORGING ATTORNEY GENERAL'S OPINION

DECATUR, Ill. (AP)—Walter A. Clinnin, 57, a Chicago gambling equipment salesman, was indicted Wednesday for forging an attorney general's opinion.

Clinin, a salesman for the hoodlum-controlled Taylor & Co., was named in two indictments. One charges him with forgery of a legal opinion, the other with simple forgery.

He is accused with forging an opinion from Atty. Gen. Latham Castle holding that a slot machine device known as a "trade booster" is legal. The forged opinion was sent to State's Atty. Kenneth Evans of Macon County.

Upon learning of the fake opinion, Castle issued an opinion that the "trade booster" is illegal.

Clinin's arraignment in Macon County Circuit Court was set for Dec. 14.

on and yelled, 'Hey, what are you doing?'

"Then Panek said, 'I'm not going to hurt anybody.'"

"Panek handed Abbey a picture in a white wooden frame. It was a picture of himself. He told her to break it but she didn't, then he grabbed it back and smashed it."

"He told Abbey to march out ahead of him. She looked as if she didn't know what to do and Julian told her, 'You'd better go, Abbey.'"

Other employees said Panek marched Miss Johnson down a back stairs, through the composing room and out to his car parked nearby.

Miss Johnson, who had worked on the paper 13 months, received a journalism degree from the University of Illinois in 1952. She was employed in the radio division of the National Council of Churches in Chicago before she came to La Porte.

Topping described her as a "shy and quiet blue-eyed blonde."

Panek, a 6-footer weighing about 180, had been employed on the paper 16 months.

Sees Achievement In Atoms-For-Peace Plan

WASHINGTON (AP)—President Eisenhower said Wednesday the free world's fears of a global war have diminished in the last four years. He said the last year itself has brought a considerable accomplishment in his "atoms-for-peace" proposal.

Eisenhower gave his appraisal to an overflow crowd at his weekly news conference. The crowd was swelled past 200 by the thought he just might fire back at Sen. McCarthy (R-Wis.) who publicly charged him with weakness toward communism.

Eisenhower was smiling, almost jaunty, when he walked into the conference room, made three brief announcements and called for questions.

He grew serious and his brow wrinkled when a reporter asked him whether he thought the chances of peace had increased since he took office in January 1953.

He replied first that peace needs to be defined.

An armistice is not peace, he said thoughtfully. He described peace as a situation where a nation may have justifiable confidence it can devote its energies to the good of the people, not to protecting them or destroying others.

That is not the situation now, he observed.

Then he went on to say the fears the free world has of global war are at a lower level than they were when he left Columbia University to go to Europe to head up the North Atlantic Treaty Organization. That was in January 1951, four years ago next month.

He mentioned the atoms-for-peace progress in his opening announcement, noting that this is the first anniversary of his offering the idea at the United Nations. "I envisioned a pooling of atomic materials and knowledge for the good of all nations, rather than for destruction of any."

Eisenhower said that while progress has not come up to hopeful expectations, there had been a considerable accomplishment. He said Secretary of State Dulles would sum up the achievements later.

The conference skipped about among diplomatic, political and even semihumorous questions. Among the topics:

Politics—Eisenhower was asked what danger he saw to the Republican party in "what appears to be a declaration of war by McCarthy." He suggested in reply that the question be shunted to Chairman Leonard W. Hall of the party's National Committee. Hall said (Continued On Page Nine)

REPERCUSSIONS IN POLAND VIENNA, Austria (AP)—Red Poland Wednesday ousted its public safety minister in what Western officials here believed was a shakeup resulting from the mysterious imprisonment and recent release of Hermann Field.

Hermann Field, a Cleveland architect, was imprisoned in Poland in 1949.

The bride is the daughter of William Harrington of Metropolis, Ill. She formerly lived here with her late husband, Rober Anderson.

This is Velde's second marriage. His first wife died in 1932.

Kaiser-Willys Dealers See New Models On TV

Carl E. Stubblefield and members of his organization attended a special closed-circuit television showing of the 1955 Kaiser-Willys line of jeeps, station wagons, trucks and passenger cars in Chase hotel, St. Louis, Mo. Wednesday.

The TV program originating in New York City Wednesday was viewed on giant television screens in theaters and hotels in 22 cities in the U. S. and Canada.

The two-hour show was received in Chase hotel, St. Louis, Mo., and was viewed by more than 10,000 distributors, dealers, their families, field sales personnel and representatives of finance companies and banks.

Mr. Stubblefield said this was the first international closed-circuit television show ever used by an automobile company to introduce its new models to its sales organization.

Freight Truck Head Says Company Falsely Accused

SPRINGFIELD, Ill. (AP)—David H. Ratner, president of Hayes Freight Lines, said today the facts were "twisted" in a case involving his company that was decided Monday by the United States Supreme Court.

The high court ruled that states lack authority to punish interstate truckers guilty of repeated overweight infractions by suspension of operating privileges.

It affirmed the Illinois Supreme Court which held that such penalties must be limited to truckers operating between points within the state, as distinguished from across state lines.

The case originated when the state moved against Hayes under a 1951 state law after Hayes, an interstate operator, had accumulated 157 overweight violations in Illinois.

Ratner said that Hayes was one of more than 100 major firms cited under the law, "and in almost every instance the overloads involved were axle overloads caused by poor judgment on the part of drivers or dock hands, or shifting of loads."

"We have not been guilty of overloading beyond the gross limits," his statement said. Ratner said his company was "falsely accused" of "overloading for profit."

Council of Music Conducts Session At MacMurray

The Council of Music for Higher Education met Wednesday in the social room of Main Hall at MacMurray College. There was a coffee hour at 8:30 followed by two sessions, 10 to 12 p.m. and 1 to 3 p.m., with lunch served at the dining hall from 12 to 1 o'clock.

Also present was Mrs. Gladys Porter of Chicago, now President of the Illinois Federation of Music Clubs.

Prison Tests Show Preventive For Syphilis Possible

CHICAGO (AP)—Encouraging evidence that a syphilis preventive can be developed was reported by a medical team today.

The doctors based their hopes for a syphilis vaccine on the results of 15 months of experiments with 62 volunteers at Sing Sing Penitentiary in Ossining, N. Y.

Such a vaccine would complete medical science's one-two punch knockout of the disease. For several years doctors have been curing syphilis with penicillin.

Dr. John C. Cutler, senior surgeon and acting chief of the venereal disease program of the U. S. Public Health Service, described the experiments at the annual meeting of the American Academy of Dermatology and Syphilology.

The volunteers were divided into two groups—those who had never had syphilis and those who had it but had been cured. All were infected with live, active syphilis germs.

Before the infection, an injection of killed syphilis organisms was given to members of one group. The other group did not receive the killed organisms.

Dr. Cutler said:

"An injection of killed syphilis organisms apparently protected part of the volunteers who previously had syphilis from being infected a second time when inoculated with live organisms."

"Results show that a significant immunity develops during the course of human syphilis. This confirms the concepts of immunity established in animal experimentation."

"The 15-month study also developed information suggesting the possibility that a vaccine might be developed to immunize against syphilis."

Four months after the injections, the infections had been cleared up by penicillin in all patients who were susceptible to the germ.

Medics Make Ulcers Bubble For Photos

By KENNIE TAYLOR
Associated Press Science Reporter

LOS ANGELES (AP)—Doctors now can get clearer pictures of ulcers and other diseased parts of the stomach by making the affected areas produce bubbles.

They also can put ulcers of the stomach and duodenum more accurately and earlier by tricking the patient into going through the motions of digesting food.

These new advances in diagnosis were reported today to the Radiological Society of North America.

The bubble trick is done by giving the patient a drink of barium solution mixed with hydrogen peroxide and then taking the picture.

A barium-filled stomach or intestine shows up hazy white on the film. Doctors do their diagnosing by looking for suspicious shadows in the haze. Usually they are very faint and sometimes they don't show at all.

Dr. Cesare Gianturco and Dr. George A. Miller of the Carle Hospital, Urbana, Ill., originated the idea. Dr. Gianturco did the reporting.

When the barium-peroxide mixture hits a diseased spot the barium bubbles and produces a dappled shadow on the film or fluorescent screen. This makes shadow detection easier.

The procedure won't work in all cases but it shows up ulcerated surfaces and stomach cancer, Dr. Gianturco said.

The idea of putting the stomach into motion while making X-ray examination was developed by four Los Angeles doctors, Kenneth A. Heitmann, Denis C. Adler, Derrell Watson and George Jacobson. Dr. Jacobson made the report.

The motion makes possible a longer interval for seeing the stomach at work under the fluoroscope and gives the specialist a better chance to spot gastric and duodenal ulcers, Dr. Jacobson said.

Aides Have Needle In Haystack Task After Trash Error

ALBANY, N. Y. (AP)—Two members of the state historian's staff planned to fly to Mont Rolland, Que., today to comb through 15,000 pounds of waste paper.

They'll search for thousands of state historical documents hauled off by mistake last October by a waste collector hired to remove files discarded by the State Department of Audit and Control. They've been traced to a paper mill in Mont Rolland.

Dr. Albert Corey, state historian, said the papers included a 1795 treaty with the Cayuga Indians, fiscal papers of governors from 1815 to 1830 and early railroad contracts. He said he feared many had already been destroyed in the paper reconversion process.

Toy Shop Operator, Hunted As Killer, Gives Himself Up

LAS VEGAS, Nev. (AP)—A well-to-do toy shop operator who police said shot his recently divorced wife and another woman to death Tuesday night while children watched gave himself up to posse members today.

Held following a five-hour manhunt that included a house-to-house search was Fred Fowler, 54.

Killed in the Fowler home Tuesday night were Mrs. Dorothy Fowler, 32, who divorced her husband three months ago, and her friend Mrs. Emma Lou Cotner, 35.

Police said the Fowlers' children, Frances, 14; William, 7; and Freda, 6, and Mrs. Cotner's 4-year-old son David were in the house. Young David, they said, witnessed the shooting. So did Frances, who called police and said:

"My daddy just shot my mommy."

The children then ran across the street to a neighbor's home.

Police Lt. Ray Sheffer said Fowler told him after being booked for murder, "I'm glad I shot my wife. I'm sorry I shot the other woman."

Police said Fowler had been drinking heavily since the divorce. At that time his wife was given the family home and also the toy store with the stipulation that Fowler be allowed to work there and live in an apartment at the rear.

\$246,083 CHRISTMAS BONUS

ELGIN, Ill. (AP)—The Elgin National Watch Co. today paid nearly a quarter million dollar Christmas bonus to some 4,500 employees in its Elgin and Lincoln, Neb., plants.

The \$246,083 bonus represents the second one-half payment of a \$493,167 profit sharing dividend on 1953 wages and salaries. The first half was paid in June.

These payments bring to \$6,757,311 the total funds distributed to employees since the company's profit sharing plan was started in 1936.

RIGHT ON THE NOSE

COLUMBUS, Ohio (AP)—A horse hired to pull a buggy as a TV program publicity stunt was left tied to a parking meter Tuesday. A policeman came along, put a ticket on the horse's nose, and took horse and buggy to headquarters. The horse's driver had neglected to put a coin in the meter.

ILLINOIS COUPLE TO HOLD OPEN HOUSE; MARRIED 74 YEARS

MOUNT VERNON, Ill. (AP)—Mr. and Mrs. John Neal plan no special celebration Thursday in observance of their 74th wedding anniversary but the door of their Mount Vernon home will be open to relatives and friends.

Neal, a retired Baptist minister and his wife both were born near the Franklin County town of Ewing 94 years ago.

The couple raised six children and the family now includes 22 grandchildren and 23 great grandchildren.

Neal still writes articles for religious publications.

COUNTS HIMSELF LUCKY TOO SOON

LEVAN, Utah (AP)—George Floyd Hanna of Provo hit a slick spot on the road Tuesday, as he drove along U. S. Highway 91.

His car flipped completely over and landed on its wheels. Inspecting the damage Hanna, 32, counted himself lucky. All he could find was a broken radiator hose.

So Hanna pulled the car off the road and hiked the mile-and-a-half into Levan for a new hose.

While he was gone, 57-year-old R. M. Aldred of Utah's Emery county hit the same slick spot and smashed into Hanna's parked car.

When Hanna returned with his new radiator hose, he learned it would take a little more to make his car run again.

Highway Trooper E. C. Sherwood estimated it would take about \$500 more.

HAS NINE CHILDREN IN FOUR YEAR SPAN

ST. LOUIS (AP)—Mrs. Gusie Cleveland, 24-year-old Negro, has had nine children in four years, including two sets of triplets and one of twins.

The latest triplets, all boys, arrived Saturday and were reported doing fine today at Homer G. Phillips Hospital. Mrs. Cleveland was calm when she learned she had "done it again" but admitted she was concerned over the fact that her laborer husband was without work.

Mrs. Cleveland had twins in 1950, triplets in 1951, and a single child in 1952. Of these, three are living.

INSIDE JOB

BOSTON (AP)—The rain, the snow, the winter cold that harras the average mail carrier in his appointed rounds are no problem to Letter Carrier Preston L. Slack. His route never takes him outdoors.

Slack hugs large loads of mail miles each day on his regular route and never sets foot outside the central post office building.

His task is to deliver some 3,000 letters and 400 other pieces of mail to the many government offices in the 21-story Boston Federal Building each average day.

Three times a day, he goes up by elevator to the top of the building and then works downward on foot through the 21 floors.

Japan Remembers Pearl Harbor: Raps Bomb Order

TOKYO (AP)—Rightwing members of the Japanese Diet today verbally attacked former U. S. Presidents Franklin D. Roosevelt and Harry Truman and told a new veterans group "both the United States and Japan are to blame for the war on a 50-50 basis."

Assembly man Yosuiro Nakasone made the "50-50" statement at the Pearl Harbor Day inaugural meeting of the All-Japan Veterans Assn.

Ex-Col. Masanobu Tsuji of the Japanese imperial army, like Nakasone a Democratic party member of the Diet, told an audience of more than 1,000:

"If God were to give a fair trial to war criminals, Truman would be the No. 1 war criminal for killing 300,000 civilians at Hiroshima and Nagasaki" because he gave the order to atom-bomb those cities.

"Truman would be the No. 2 war criminal for starving to death hundreds of thousands of Japanese in Siberia."

Morgan County Car Owners To Be Listed Here

County Clerk George T. Douglas has received word from Secretary of State George F. Carpenter that on about Dec. 10 the secretary of state will begin mailing to the Morgan county clerk's office each week the registration cards of all motorists residing in this county who apply for 1955 motor vehicle licenses.

This is in accordance with provisions of House Bill 424, which was passed by the 68th General Assembly and signed by Governor Stratton.

On the basis of registrations in previous years, the Morgan county clerk probably will have a file of about 13,300 motor vehicle applications by the end of the year.

County Clerk Douglas has set up a filing system in his office by which the Morgan county list of motor vehicle owners will be kept.

A TATTERED TALE

WINSTON-SALEM, N. C. (AP)—Police heard a new twist to the "rag to riches" story here.

George Winters, 40, was jailed after police said he admitted breaking into a vacant house on two occasions. He said he took rags which he sold to a junk dealer.

Turkey Supper Is Served Ever Ready Class At Brooklyn

A potluck style turkey supper was served Dec. 3 to members of the Brooklyn church Ever Ready class at the church. Hostesses for the occasion were Mrs. Dorothy Newby, Mrs. Elizabeth Henderson and Margaret Young.

After the meal the meeting was called to order by the president, Leo Stone. Carols, "O Little Town of Bethlehem," "There's a Song in the Air" and "Silent Night" were followed by prayer by Rev. Tucker.

During the business session assistance was asked from all in helping with a rummage sale to be held Dec. 11. A suggestion was made to serve a chicken supper the latter part of January. A collection was taken for the Chaddock Boys Home.

The program presented included readings and poems: "Home" Mrs. Helen Panning; "Road to Happiness" Mrs. Ida Benson; "Ma and the Auto" Mrs. Anna Hurst; "A Christmas Experience" Mrs. Ethel Hembrough; "When Father Shook the Stove" Mrs. Emmett Anderson; "Christine Lullaby" Mrs. Martha Bossarte; "In the Garden" and "Joy to the World" by the group. Dr. Roberts closed the program with prayer. There were 30 present and two guests, Dr. and Mrs. Victor Roberts.

NAME PROVIDES JOB

PALMYRA, Pa. (AP) — Edward Kreider is a member of the Palmyra Board of Health through an error in first names. Richard Kreider was appointed to the post and somehow the notice to appear for swearing in ceremonies was addressed to another Kreider — Edward. Edward came and was sworn in. The next day the council discovered its mistake. All's well though. Richard says Edward can handle the job and wished him the best of luck.

Air Force Recruit Has Hard-to-Match Record Of AWOLs

GALESBURG, Ill. (AP)—James E. Nelson, 18-year-old Air Force recruit, has an AWOL record that'll be hard to match.

Nelson still hasn't donned the Air Force blue but he's been AWOL three times.

Nelson today is confined in the Galesburg County jail, pending arrival of Air Force authorities.

He was placed there Tuesday night after authorities learned he paid a visit to the Galesburg (Mental) Research Hospital. Nelson said he had gone there to "visit a friend."

It all began Nov. 15 when young Nelson, the son of the Merle W. Nelsons of Galesburg, was sworn into the USAF in Chicago. But he returned home instead of catching a plane to Lackland Air Force Base, San Antonio, Tex.

Nelson stopped at a Galesburg service station Sunday morning and the attendant noticed his leg was bleeding and called police. Nelson was treated for a superficial 22 caliber pistol wound and released.

His father turned him over to the recruiting officer on Monday but young Nelson disappeared before they could get him on a train.

Authorities later picked up Nelson and held him in jail Monday night. On Tuesday morning, Nelson's mother and the recruiter drove him to a depot — trusting that he'd go to Chicago.

But Nelson had other ideas and got off the train. He later was located at the hospital and clamped into jail for safe keeping until the Air Force takes over.

GUATEMALA BOUND—Norman Armour has been approved by the Senate as the U. S. Ambassador to Guatemala, succeeding John W. Peurifoy. A career diplomat, Armour came out of retirement to accept the position.

Guglielmi Spotlights Return To Tradition On All-American Team

NEW YORK (AP)—Ralph Guglielmi, a four-year veteran who started while the freshman rule still was in effect, Guglielmi this season completed 127 passes for 1,160 yards and six touchdowns, ran well and came up with six pass interceptions—three against Texas. Defensively, he reminded observers of the ball-hawking Lujack.

Ameche, the irresponsible home, stamped his way to a new NCAA career rushing record of 3,212 yards and a reputation as one of the finest fullbacks of all time. He followed line crashers from his own area like Minnesota's Bronco Nagurski selected as tackle, Ray Josting and Pug Lund, Notre Dame's George Gipp and Emil Sitko, Ohio State's Chick Harley, Michigan's Bill Daley and Northwestern's Art Murakowski.

Moegle took personal charge of knocking Baylor out of a possible Southwest title tie in his last game. He scored twice, once on a 91-yard punt return, gained 126 rushing yards and made the decisive fourth-down tackle on his four yard line in the 20-14 Rice victory.

Burris, a defensive signal caller, superb linebacker and excellent blocker, recovered an enemy fumble on his four and knocked down a touchdown-labeled pass against Texas.

At West Point, good middle linemen are the watchword and Chesnauskas, a gridiron blockbuster from Brockton, Mass., is no exception.

Chesnauskas, who uses brute strength to rectify his infrequent errors in judgment, beat Virginia with his conversions, 21-20.

Cassidy was at his best in the clutch for Ohio State's national champions. With the Buckeyes trailing 3-7 late in the third period of the game with previously unbeaten Wisconsin, Cassidy returned an intercepted pass 38 yards for the score that turned the tide into a 31-14 Ohio State landslide. In the Michigan finale, his 53-yard burst featured the 99 2-3 yards drive to a tie-breaking touchdown, and his pass interception later started the Bucks toward the clinching score.

Beagle was selected for his excellence in defense as much as for his ability to catch passes and block. He hurried Army's Pete Vann into misfiring on the key fourth down pass play of the classic which Navy won 27-20. He fell on a blocked punt to score against Stanford and stood out in the Midlands' 6-0 loss to Notre Dame.

McDonald, another fine receiver, caught 15 passes for 181 yards but his chief asset to the hard-hitting Miami Hurricanes was his bread and butter blocks and tackles.

From the moment Ellene recovered a fumble to start UCLA's 67-0 romp over San Diego Navy in the opener until he bottled up Southern Cal's attack as the Bruins hammered out a 34-0 decision in the finale, he was the big man on the No. 2 ranked team in the nation. UCLA also placed fullback Bob Davenport on the second team and guard Jim Salisbury on the third.

Brooks was the biggest single factor in Arkansas' surprise Southwest Conference championship. When the Razorbacks handed Mississippi its only loss, 6-0, Brooks crashed the Ole Miss quarterbacks all day to keep the attack off balance. Playing 58 minutes against Rice, he twice stopped the Owls with tackles on his seven and 11, then threw the block on Moegle to clear the way for the deciding touchdown in a 28-15 triumph.

Boggan, the biggest man on the team at 6-4, 235 pounds, did everything well in leading Mississippi to its Sugar Bowl invitation against Navy.

Larry Morris, Georgia Tech center who was the only junior on last year's All-American was injured much of the season and did not repeat.

The second team backfield consisted of Paul Larson of California, Bob McNamara of Minnesota, Frank Bernardi of Colorado and Davenport, Oregon's George Shaw, Purdue's Len Dawson, Penn State's Len Moore and Duke's Bob Pascal made up the third team quarter.

Embowed certificates will be given to each of the members of the first three teams this year for the first time.

Irish Defeat Wildcats 79-69

SOUTH BEND, Ind. (AP)—Jack Stephens connected for 33 points to pace Notre Dame to a 79-69 basketball victory over Northwestern Wednesday night. It was the 22nd consecutive home floor triumph for the Irish.

Notre Dame's superiority was written at the free throw line, where the Irish nailed 33 of 44 attempts. The Irish had only a slight edge from the field in hitting 23 of 30 shots. Northwestern hit one less basket in 70 attempts.

Stephens collected 19 points on free throws and missed by only two points tying the Notre Dame scoring record Joe Bertrand set last December at 35 points against Loyola of Chicago.

Frank Elmahms with 23 points and sophomore guard Dick Mast with 22 led the Northwestern attack.

Notre Dame's last home defeat was by Pittsburgh in 1952.

Landy Doubts Ability To Beat Bannister

MELBOURNE, Australia (Thursday) (AP)—John Landy said Wednesday he never expects to get another shot at England's Roger Bannister in the mile run but even if he did "the result would be the same."

"I don't think I could ever beat Bannister in a man-to-man race," the bushy-haired Australian comet said. "He would always have a kick to beat me."

The 25-year-old agriculture teacher, who has run the mile faster than any other human, was beaten by Bannister in the historic race of four-minute miles at the Empire Games at Vancouver last summer. The Englishman was clocked in 3:58.8 and Landy in 3:59.6.

Previously Bannister had become the first to crack the fabled four-minute barrier with a 3:59.4 run at Oxford, England. And Landy had followed at Turku, Finland, with 3:58, the fastest mile ever.

Tigers Seek 5th Straight, Host Chandlerville

Coach Jim Spink's I. S. D. Tigers resume play tonight when they entertain Chandlerville in a PMBC Conference game at the deaf gym.

The Tigers will be seeking their fifth straight victory of the campaign and their third conference win. The Tigers have defeated Waverly, Roodhouse, Rount and Perry.

Coach Spink will probably stick with his same starting lineup although there may be one change. The starting five will be selected from a group of six including Jack Rampley, Paul Mehring, Don Phelps, Bill Zachariasen, George Schultz and Al Duncan.

The first game is scheduled to get under way at 7:00.

Russia Takes Rap At Recent World Basketball Games

MOSCOW (AP)—Russia's leading sports paper, Soviet Sport, claims the recent World Basketball Championships held in Rio De Janeiro and won by the United States was not a real world tournament because Russia and teams of the Communist "people's" democracies were not invited.

The United States defeated Russia 36-23 at Helsinki in 1952 to win the Olympic basketball championship.

Soviet sport acknowledges the American team (the Peoria Cate-spelled here Pioriya Kots) that won the Rio tournament by defeating Brazil in the final 62-41 was good, and superior to its opposition.

But the Russian paper claims that the opposition was not as strong as it should have been because there was insufficient European representation.

It also remarks that "the Americans had flaws. They shoot very well from the court, but they are weak on penalty shots. For instance, when the United States Canada 59-37 they made only 14 of 34 free throws."

Otherwise, Soviet Sport said, "foreign observers agreed the USA was the best team in the tournament." Pioriya Kots who won special praise were B. H. Born who "plays very strong under the basket" and Jim Minter who "can accurately make long goals."

Boilermakers Down Valparaiso 62-50

LAFAYETTE, Ind. (AP)—Purdue led by Joe Sexton with 27 points, won its home basketball opener Wednesday night from Valparaiso 62-50.

Sexton, in addition to 13 field goals, and a free throw, put on an all-around display of defensive aggressiveness, particularly in rebounds and ball stealing.

Purdue had taken an early lead and stayed 10 points in front through the first half except for a slump at the first half gun to 31-26. Valpo managed one field goal after cornering the opening tip of the second half, then went pointblank for seven minutes while Sexton and his mates poured in 18 points.

Frankie Baumholtz To Stay With Cubs

CHICAGO (AP)—Outfielder Frankie Baumholtz will remain with the Chicago Cubs, whose attempt to waive him out of the National League failed Wednesday.

The Cubs last week announced the sale of Baumholtz to the Chicago White Sox, but the Cub personnel director, Wad Matthews, had failed to clear waivers on the 35-year-old outfielder.

Wednesday Matthews said a National League club which he declined to identify had claimed Baumholtz, so the Cubs withdrew the waivers—which were to expire at midnight and said the player will remain on the club roster.

CRIMSONS ROLL OVER PITTSFIELD 86-51

Don Warcup, 6'1" freshman, (20) tallies with a loft shot from the sidelines in this photo of the Jacksonville-Pittsfield basketball game staged here Tuesday evening. Jacksonville was ahead all the way and won by a 86-51 tally.

Other Jacksonville players shown are Paul Watkins (21), Max Roegge (33), Bill Jordan (35), and Larry Scott (23).

The visitors from Pittsfield are Frazier (41), Fox (55), Smith (50), Petty (53) and Sander-son (42).

The Crimson will meet Schurz High of Chicago in the local bowl Friday evening.

Coach Irwin August of the Jacksonville High faculty directed a demonstration given by his gymnastics students during half-time Tuesday evening.

Bruce Barton is shown completing a snatch and lift of a 90 pound dumbbell.

ST. LOUIS (AP)—The St. Louis Cardinals, weak in the bullpen for the past two seasons, Wednesday gave up third baseman Ray Jablonski, pitcher Gerald Staley, and a minor league player to get reliever Frank Smith from the Cincinnati Reds.

No cash was involved.

A Cardinal spokesman said the deal, which had been in the works all week, was completed in New York by Gabe Paul, general manager of the Reds, and Dick Meyer, general manager of the Cardinals.

The Birds' bullpen problems started when Donie Yuhas came up with a sore arm in 1953, failed in a comeback attempt last season. Age caught up with lefty Al Brazle, who has been released.

Cincinnati gained two players who had been rough on the Reds during the past season. Jablonski batted .339 against Cincinnati and Staley picked up three of his seven victories against the club. Smith had no record against the Cards.

The minor league player involved in the deal will be named later.

Smith won five and lost eight in 50 games with Cincinnati last year and had an impressive earned run average of .267. He is a 26-year-old right-hander.

The 28-year-old Jablonski hit .296 and drove in 104 runs last season but he was regarded by some as a defensive liability.

Staley wound up last season with a 7-13 record and a .525 earned run average.

Pick Snead To Cop \$10,000 Miami Open

MIAMI, Fla. (AP)—Sammy Snead was the favorite of the bystanders—and some professional golfers—to win the \$10,000 Miami Open Golf Championship which begins Thursday at the Miami Springs course.

He jumped into the place partly because of the startling five-under-par 66 shot Tuesday in spite of 35-mile-per-hour gusts of wind in a pretournament match for professionals. His nearest rival, Bob Rosburg, San Francisco, was four strokes behind.

The old slammer has won the Miami open five times.

Blueboys Suffer First Defeat, Drop 98-77 Contest To McKendree

The Illinois College Blueboys dropped their first Prairie College Conference game to McKendree College 98 to 77 last night.

The Blueboys held the lead at the half, but the McKendree five came out after the half to jump in to the lead with some real hot ball playing.

Ed Harrell was the leading scorer for IC with a total of 26 points, in spite of the handicap of the McKendree center, Heitman, who was 6 ft. 8 in. Harrell held Heitman to 5 free throws.

Dick Barnes was a continuous spark to the Milleries by playing the whole time of the ball game. IC, with Bill Morris and Ed Harrell, controlled the backboards during the game, until Morris fouled out in the fourth quarter. Beasley also fouled out in the fourth.

This defeat gives IC total of 3 won and 1 lost for the season and a 1-1 conference total.

The Blueboys will resume their home schedule Saturday when they meet Culver Stockton from Missouri at 8:30 p. m. This will be a double header with Rount against Schurz of Chicago for the first game.

The seventh graders won by a 22-22 tally. The eighth graders had easier going, taking the finale by a 45-26 count.

The home owners, however, suffered a loss when David Allison, reserve center, fell and possibly fractured a wrist bone. He was taken to Passavant hospital for X-rays and medical attention.

NOTRE DAME-INDIANA ON TV

NEW YORK (AP)—A 13-week series of Big Ten basketball on television will begin Saturday with Notre Dame at Indiana as the first attraction.

The series is being carried by the Columbia Broadcasting System of 47 stations, some of them on a sponsored basis.

The Indiana game will start at 2 p. m. (CST).

Big Ten Okays Eliot's New Substitution Plan

DETROIT (AP)—The Big Ten television committee, mapping what is expected to be a definite stand for regional football TV next year, extended its meeting through late Wednesday night without an announcement.

It is studying plans as they have progressed to date, of the NCAA's 1955 television outlook and forming strategy in carrying on opposition to the NCAA if that group continues a restricted national policy that has been in effect four years.

Fritz Crisler, Michigan athletic director, reported on NCAA TV matters Wednesday. He is a member both of the Big Ten television committee, headed by Ted Payeur of Northwestern, and the NCAA TV committee.

Crisler will be replaced on the Big Ten group after Wednesday night by Paul Brechler, Iowa athletic director.

While the regional television question was thought to be gradually reaching a climax, conference football coaches endorsed a new plan of substitution presented by Ray Eliot of Illinois. Eliot is chairman of an American Football Coaches' Assn. committee studying the substitution rule.

Eliot's proposal would provide for any player who started a quarter to re-enter the game in that same quarter. The proposal which gained unanimous support of other Big Ten coaches, will be forwarded by Eliot to the Association's meeting in New York during the NCAA convention Jan. 8-7.

Wilson said instructional films of close decisions—such as roughing the kicker and pass interference—will be offered for study at future meetings.

New York Bond Market

NEW YORK (AP) — Selected railroads advanced in a fairly steady bond market Wednesday.

"Big Board" volume declined to \$4,660,000 par value from \$5,570,000 Tuesday as outstanding bonds competed with a large volume of new issues for investor attention.

The bulky new bond issues caused easiness among many investment grade obligations already on the New York Stock Exchange. But obligations trading at a discount continued to find favor, in some cases readily absorbing much profit taking. Convertibles were irregular. Utilities and industrial bonds fluctuated narrowly.

Most U. S. government bonds were unchanged in moderate over the counter dealings.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP) — Butcher hogs scaling under 220 sold steady while heavier weights were steady to 25 cents higher Wednesday. Sows sold steady to 25 cents higher.

A cut in marketings was mainly responsible for the market's better tone after Tuesday's price break. Salable receipts at 11,000 head fell 3,000 under the advance estimate.

Choice 180 to 220-pound butchers were taken at \$17.75 to \$18.75 although a few decks reached \$18.85 to \$19.00, the top. Most 230 to 260-pound butchers sold for \$17.00 to \$17.75. Sows moved at \$13.50 to \$16.00.

Prime steers topped at \$32.00, equalling the peak set Nov. 3, which was the high since \$32.50 was paid April 5. In a steady to strong market, choice and prime steers mainly brought \$25.50 to \$30.50. Other steers were steady to weak. Choice to prime heifers sold for \$24.00 to \$27.00.

Cows were steady, topping at \$11.00. Vealers were steady to strong at \$22.00 down. Salable cattle receipts totaled 17,000.

Salable sheep receipts totaled 5,500. Lambs were steady to 50 cents lower at \$20.00 to \$20.75 for choice and prime woolled types. One package set a top at \$21.00.

MOST GRAINS SHOW LOSSES

By WILLIAM FERRIS
CHICAGO (AP) — A majority of grain contracts showed losses at the close on the Board of Trade Wednesday after a session spent in rather aimless backing and filling.

Wheat and rye were the weakest cereals at the finish, although September soybeans had the widest drop. This is a 1955 crop month. In contrast, oats had the best tone throughout the session.

Wheat closed 1/4-1/2 lower, corn 1/4 lower to 3/8 higher, oats unchanged to 3/8 higher, rye 1/2-1 1/4 lower, soybeans 2 1/2 lower to 1 1/2 higher and lard 8 to 22 cents a hundred pounds lower.

Profit taking on some long term holdings again appeared to be the main depressing influence in wheat. There wasn't much news to set a market pattern.

Some holders of soybeans evidently took the late advance Tuesday as an opportunity to get out of the market. Commission houses had selling orders on hand at the opening.

A bearish item in soybeans was an Agriculture Department forecast of 13,568,000 bale cotton crop, up from the 13,206,000 bales forecast a month ago. A larger cotton crop will mean more cottonseed oil and meal to compete with soybean oil and meal.

New York Stock Market

NEW YORK (AP) — The stock market declined Wednesday on the heaviest volume in four years.

The fall was not pronounced despite the large turn over—4,150,000 shares.

Losses went to between \$1 and \$2 at the most in usual cases while there were many strong points in the list. There was a fairly even numerical balance between gains and losses.

The market opened steady and then sold off gradually. During the afternoon an attempt at a rally developed but it didn't get very far. The selloff gained momentum in the final hour and prices were around their lows at the close.

The steels and aircrafts were pushed down. There were some good plus marks in the railroads, oils, merchandising shares, distillers and motors.

The Associated Press average of 60 stocks declined 20 cents at \$150.60, the first fall in five sessions. It had stood at the highest level since Sept. 23, 1929.

The railroad component of the average managed to advance 10 cents to a new high mark of \$15.90. The industrial component lost 40 cents while the utilities were down 10 cents.

Volume at 4,150,000 shares was the first four million share day of the year and the largest since 4,490,000 shares were traded Dec. 18, 1950.

The American Stock Exchange was mostly lower on volume of 1,210,000 shares as compared with 1,210,000 shares traded Tuesday.

PLANNED RETIREMENT

PETERSBURG, Va. (AP) — Dr. W. B. McIlhenny, a Presbyterian minister, has everything planned for his retirement two years hence. He'll write a book about birds. Since 1916 he has been watching birds and keeping notes. He tries to stroll through the woods for an hour and a half daily.

ROBINS IN KNOXVILLE

KNOXVILLE, Tenn. (AP) — A group of 150 robins are wintering here. "One of my neighbors fed them some hard bread and they just made themselves at home," says A. H. Miller telling of the birds in his back yard.

Most robins find Knoxville isn't far enough south in winter.

TRIBES NEAR EXTINCTION

NEW DELHI (AP) — Indian government sociologists and anthropologists are struggling to preserve two of South Asia's oldest tribes, each on the brink of extinction. The scientists have been spurred this year by one of their more notable victories—the birth of 50 babies to mothers of the Toda tribe in South India.

However, the battle to save the primitive Andaman Island aborigines is not going so well. The Andamanese and the Todas, although separated by the wide stretch of water of the Bay of Bengal, seem to have been traveling the same road toward extinction in recent years. Census counts last year listed less than 500 Todas and 100 Andamanese.

Low birth rates, poor diets, disease and conflicts with the modern world have played havoc with these tribes as civilization uprooted them from their jungle homes. A century ago each tribe was thousands strong.

Sailing regattas got their biggest boom during World War II.

U. S. WELCOMES EAST-WEST TALKS — Secretary of State John Foster Dulles (right), at a press conference in Washington, told newsmen that the United States is ready to discuss cold war problems informally with Russian leaders in Moscow. Dulles also disclosed a tendency by the Kremlin to break down its reserve and permit more normal diplomatic relations.

President Unwilling To Engage In Diatribe With Sen. McCarthy

(Continued from page one)

He was deeply angered by McCarthy's charge that he congratulated senators who hinder "exposure of communism" while urging patience toward Chinese "reds who are torturing and brainwashing American unfortunates."

Eisenhower smiled frequently and joined heartily in a round of laughter after a reporter, remarking that McCarthy had said he was sorry he had asked the people to vote for Eisenhower in '52, asked whether the President exchanged the sentiment.

The President said obviously the reporter didn't expect an answer.

A reporter said it was Eisenhower's congratulations to Sen. Watkins (R-Utah) which apparently set off "this McCarthy controversy." Watkins was chairman of a special Senate committee which recommended the Wisconsin senator be censured. The reported asked the President what his congratulations signified.

Eisenhower explained that Watkins was at the White House by chance shortly after his appointment as committee chairman, and that at that time he told Watkins he thought he had been given one of the toughest jobs that ever faced a United States Senator, but that he knew Watkins would handle it with dignity and a sense of justice.

When Watkins came into his office last Saturday, Eisenhower went on, he simply congratulated him and told him he had certainly lived up to everything that the President expected of him.

Eisenhower said he made no comment about the justice or injustice of the Senate's voting last week to condemn some of McCarthy's conduct.

Sees Achievement In Atoms-For-Peace Plan

(Continued from Page One)

Tuesday night McCarthy had made "a grave error."

The President also said he was working for a program under which work for the people. He defined this as being moderate in attitude toward government functions and progressive in meeting the needs of the people.

He said that if enough people went along on this, there would be no cause to fear.

There was a bit of merriment when Eisenhower was asked to comment on the statement by Democratic National Chairman Paul Butler that he lacked capacity to govern or unite the people.

The President said he had heard such things before. Then, flashing a Puckish grin, he said: "I think too often politicians look into a looking glass instead of through a window." He said he thought the reporters he has been meeting with for two years would be better judges than "some politician who, looking in the glass, sees only reflections of doubt and fear and the kind of confusion that he often tries to create."

The White House authorized direct quotation of some of the President's remarks.

Foreign Affairs—Eisenhower announced he would meet Tuesday with Republican and Democratic leaders of congressional committees dealing with foreign relations, the armed services and appropriations to discuss foreign affairs, foreign aid and national security.

He said there would be some kind of an aid program for Asia submitted in the new Congress meeting in January, that the United States has a continuing interest in Asia. He said he couldn't say what changes may be proposed in the program.

STOP THAT CHECK

NORFOLK, Va. (AP) — You've heard about the folks who hate to pay taxes, but how about those who pay taxes twice?

M. L. Carnifax, deputy treasurer of Norfolk county, says many people send in a check when they get their tax bill, then when they get the receipt they attach another check and send it back to the treasurer. And the treasurer doesn't like it. He has to return the second check.

Both Canada, Britain Give Support

(Continued from Page One)

He said the imprisonment of the 11 airmen and the detention of hundreds of other captured war prisoners was a "glaring violation" of the Korean armistice.

Jacob A. Malik, acting chief delegate, repeatedly said the Americans were on an espionage mission and that the U. N. had no right to intervene to set aside their sentences, which were announced by Peiping radio on Thanksgiving day.

Nutting said that Britain would persist in its endeavor to reduce international tension but he said that international confidence requires an effort by both parties. He said the U. N. personnel held in Red China were U. N. soldiers and the Assembly must speak for them.

UNITED NATIONS N. Y. (AP) — Henry Cabot Lodge Jr. citing the record phonographic, accused Jacob A. Malik Wednesday of making a slip of the tongue and then trying to blame it on a U. N. interpreter.

The U. S. delegate told the General Assembly the Soviet delegate definitely had said in the Steering Committee Monday that 11 American airmen jailed as spies by the Chinese Communists had been seized "in the uniform of military personnel."

Lodge said the official U. N. recording of Malik's speech proved it.

"When I called attention on Monday to the fact that it was an insult to the human intelligence to say that men in uniform were engaged in spying in China," Lodge said, "the Soviet representative pleaded a mistake in translation."

He added that what really had happened was that Malik had "made a statement, however inadvertently, which knocks his case into a cocked hat."

Red China Would Like To Know If Fleet Would Act

BY SPENCER MOOSA

TAIPEI (AP) — Red China would love dearly to know the answer to this question:

Will the U. S. 7th Fleet join the battle if the Communists try to capture any of Chiang Kai-shek's offshore islands?

The Reds will have to learn the answer the hard way.

The officially approved U. S. policy is to say nothing and keep the Reds guessing.

If the United States has decided what island outposts must be retained by the Nationalists as protection for Formosa itself, Washington is keeping quiet about it.

The string of island bases controlled by the Nationalists dot some 350 miles of water from Quemoy in the south to the Tachens in the north.

Some of these—such as Quemoy, Matsui, White Dog and the Tachens group—might be considered worth holding. But many others are negligible.

Cutter Brings In 7 Living, 3 Dead From Sunken Tug

PANAMA CITY, Fla. (AP) — The Coast Guard cutter Cartigan arrived here today with seven survivors and the bodies of three crewmen of the sunken tug Bertha R. The chief mate of the tug still is missing.

The survivors, headed by Capt. Ashburn Thompson of Tampa, Fla., looked worn but appeared in comparatively good condition after their ordeal of 16 hours without food or water on two small life rafts in the cold Gulf of Mexico.

The 114-foot Bertha R., bound from New Orleans to its home port of Tampa, Fla., with a 200-foot barge ran into heavy seas and winds of about 25 miles per hour Monday afternoon, Capt. Thompson said.

The towline parted and the Bertha R. made two attempts to get a line back aboard. On the second attempt, the stern of the tug smashed against the barge, opening its seams.

This was about 3 p. m. Monday. A distress signal was sent immediately while the crew tried to stem the rushing waters.

About four hours later Capt. Ashburn gave the order to abandon ship. Two life rafts, each designed to hold six men, were put over and the crewmen began leaping into the water.

"First Mate W. E. Buie and I left the pilot house at the same time," Capt. Thompson related. "I jumped alongside one of the rafts and Buie shouted that he was going to get into the other. I never saw him again."

Survivors in addition to Capt. Thompson are Otis Hyde of Tampa, John F. Wilson, St. Petersburg, J. J. Kerns, Tampa, Haskell McLaughlin of Spanish Honduras, Pruitt Mullis of Tampa, and John Kobes of Detroit.

The dead were identified as William

State Sales Tax May Be Below '53 By \$10 Million

SPRINGFIELD, Ill. (AP)—Illinois sales tax receipts this year will fall about 10 million dollars below 1953 if the current trend continues through December.

The sales tax is by far the biggest revenue producer for general purposes pending by the state government, including outlays for education, welfare and health purposes.

Figures issued Tuesday by the State Revenue Department showed that collections in the first 11 months of 1954 added up to \$183,527,842, or \$9,450,712 under the corresponding period a year ago.

Income from the sales levy last month was \$16,931,294, compared with \$17,679,373 in November, 1953. The report showed that in the 11-month period cigarette tax revenues at \$27,844,149 were running about one million dollars behind a year ago and that liquor gallonage tax receipts at \$2,532,248 were off about 1 1/2 million.

However, the state public utility tax reflected a gain of nearly 2 1/2 million, totaling \$26,192,840, and thus evened out the sag in the cigarette and liquor income.

State gasoline tax collections, which are earmarked for roads and unavailable for general purpose expenditures, have been rising substantially, the report showed. They totaled \$125,061,048 as against \$118,672,328 in the first 11 months of 1953.

"LIMPY" MAKES THIRD SUCCESSFUL HOLDUP TRIP

CHICAGO (AP)—Whenever a limping man dressed in Army fatigue clothes enters his office, Edward Forberg reaches for the cash box.

Wednesday the limping man got \$200 from Forberg in a holdup of the Household Finance Corp. on the South Side. Forberg, 27, is manager of the office. It was the limping man's third visit.

The man limps, Forberg told police, because he carries a 22 caliber rifle in a leg of his trousers, and has done so the last three times he has robbed the office. So far, he has netted \$666.

Forberg said the robber is always dressed the same in Army fatigue cap and pants and black jacket and leather shoes. His face is always covered with a blue muffler.

At first, said Forberg, the robber asked for the money "out now he just motions with the gun."

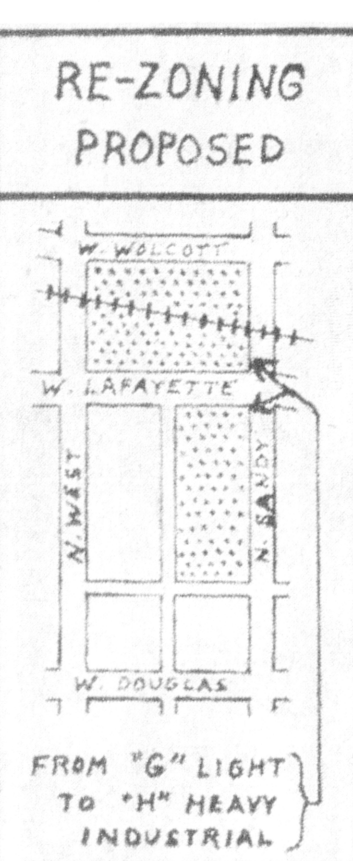

KNIVES ROUT GUNMAN

DENVER (AP)—Louis F. Fillea reached for one of the knives on his butcher's block Tuesday when a masked holdup man commanded him to "put your hands up or I'll shoot."

"Go ahead," said Fillea, about 70, as he let fly the knife.

It missed. The bandit retreated a step, still holding a pistol. Fillea flung a second knife. It missed too.

Fillea reached for another knife. The gunman was gone.

Jap War Crimes Prosecutor Dies

ASHEBORO, N. C. (AP)—Joseph B. Keenan, 66, chief prosecutor in the Japanese war crimes trials in Tokyo, died of a heart attack in a hospital here Wednesday.

The Washington lawyer, famed also as a gangbuster, suffered an attack last Saturday while visiting friends at nearby Greensboro. He was brought here Sunday after suffering a second attack. The fatal attack came early Wednesday.

Keenan began his gangbusting career in Ohio after the Gov. James M. Cox appointed him to assist the Ohio attorney general in an investigation of crime conditions in Cleveland.

Atty. Gen. Homer S. Cummings called him to Washington as a special assistant to help put down the wave of kidnappings and other crime that swept the nation in the early 30s.

Within four months after he arrived he had convinced George R. "Machine Gun" Kelly and other gangsters of the kidnapping of a wealthy oil man, Charles Urschel.

Cummings promoted Keenan to head the Justice Department's Criminal Division. He wrote the Lindbergh Kidnaping Law and played a major role in getting to crime laws through Congress, extending the federal war on gangsters, racketeers and kidnappers.

President Truman appointed Keenan in 1945 to prosecute the Japanese war crime cases. He charged 28 Japanese officials with plotting aggression from 1928 onward. The trial brought death sentences for former Premier Tojo and six others.

Keenan was born at Pawtucket, R. I.

He is survived by his widow, Charlotte, two sons, and a daughter.

ASKS DIVORCE AFTER SEPARATION OF 21 YEARS

CHICAGO (AP)—A Joliet woman Wednesday filed a separate maintenance suit against her wealthy Chicago husband, who she says, deserted her and their three children 21 years ago.

Mrs. Adelaide Moore, 60, explained that the reason she waited so long to take action was not to embarrass the children while they were minors. All now are married.

Mrs. Moore filed the suit against Chester G. Moore, chairman of the Central Motor Freight Assn., director of the Central National Bank and secretary of the American Trucking Assn.

Her complaint said she and Moore were married in 1921 and that he deserted her and the children in 1933.

Public Library Has Radio Book Quiz Material

Children who plan to participate in the Radio Book Quiz, a reading project for pupils in the first six grades of the Jacksonville public and parochial schools, including the North Jacksonville and South Jacksonville schools, will find a list of books for each grade level in the children's department at the Public Library.

The project is being sponsored by the Recent Graduates Group of the A.A.U.W. to encourage the boys and girls of the community to take advantage of the city's excellent library facilities.

Each child who wants to participate must read several of the books listed for his grade, and then write a letter of application to appear on a series of radio quiz programs, to be broadcast over Radio Station WJLS beginning in February.

Each child who appears on a broadcast will receive a gift volume especially chosen for his age group. Miss Esther Conner, children's librarian, said Wednesday that some of the approved books are available at the Public Library for each group all the time. She has suggested that the children write brief summaries of the books they read, so that they can refresh their memories about the stories if they are chosen to take part in a broadcast. The books may be checked out from the library for two-week periods.

3 Young Gunmen Brave Tear Gas: Fortitude In Vain

CHICAGO (AP)—Three young gunmen braved tear gas for two hours Tuesday night trying to loot the safe of a lumber company, but their fortitude went unrewarded. They managed only to break open the door of the vault which contained the strong box.

The story was told to police today by a 59-year-old night watchman who said the burglars kept him prisoner until they abandoned their efforts to get into the safe of the Herman Heitler Lumber Co., 2601 Elston avenue.

The attack on the vault door automatically released the tear gas.

The watchman, William P. Jacobs, said one of the burglars escorted him on his regular tours of punching time clocks to make sure his failure to do so would not alert police.

DOORS SWING IDLY AT JAIL: NO PRISONERS

At the Morgan county jail Wednesday morning it was a case of no business being good business. The jail was entirely lacking in prisoner population—a rarity that occurs only once in several years.

All the cells and bullpen became empty Tuesday. A transient slept at the jail during the night to break temporarily the silence upstairs. But he moved on Wednesday morning leaving a situation that happens infrequently, and doesn't last very long.

The end of jail population was due to processes of the law which depleted the prisoner population by way of indictments and sentences to prison.

PEACE ON A BUS

WORCESTER, Mass. (AP)—Retiring after 47 years of bus driving William N. Wall, 68, says, "On the whole, people are very good."

Wall has a specially good word for the early-morning commuter, but not for the woman automobile driver.

"I always preferred riding with people going to work to those who were shopping or going to a show," he says.

As for drivers — he considers men far superior.

"You're never sure," says Wall, "what most women will do."

His starting pay was 20 cents an hour for a nine-hour day, seven days a week, but he raised a family of nine children.

Pike 4-H Leaders Guests At Annual Council Banquet

PITTSFIELD — More than 80 leaders and guests attended the Annual 4-H Leaders Banquet held at the Farm Bureau hall recently. Included in the evening program was group singing, led by Mrs. Lloyd Dolbear, and accompanied by Martin Ransom, a turkey dinner served by the Home Bureau unit, presentation of awards, and response on behalf of the leaders by Herschel Kleinlein of Chambersburg.

Miss Sylvia Wineland, president of the Federation Council, was toastmistress and Dick Prie, vice president, introduced the special guests.

Clarence Ropp, a 4-H leader of McLean county for 27 years, built his speech around a collection of weapons which he displayed, ranging from the stone age hatchet, Chinese wall gun, match lock and wheel lock rifles, Colt pistols of the old west, swords of all descriptions and modern day rifles.

He began by emphasizing that man has not changed much since he was first created, still possessing the same desires and hatreds that he has always had, and in order to accomplish his aims he found that weapons of one kind or another

usually availed his purposes, and made more and better weapons as his ability became greater. Ropp stressed his belief that the future of the world depended not on more and better weapons but upon the teaching of men and women, especially the young, the ideals of fellowship, understanding, and service to others, and that in order to effect world peace we must put ourselves in tune with God.

Concluding, he named three things that 4-H leaders could do for 4-H members:

Develop them into men and women who are understanding and friendly to their fellowmen; build self-confidence in them; and develop them to work together and learn to serve others. The banquet is an annual event sponsored by the 4-H Federation Council as a token of appreciation for the work the leaders during the year.

New Farm Corn Allotments Now Available

Any producer who intends to plant corn in 1955 on a farm where no corn was planted during the years 1952, 1953 or 1954, should apply for a "new farm" corn acreage allotment if he wants any price support or an ACP payment in 1955. Charles R. Gibson, chairman of the county agricultural and stabilization and conservation committee, said Monday.

Marketing quotas do not apply to corn, the chairman explained. However, under the acreage allotment program, the production of corn in 1955 on a farm which has no corn acreage allotment would make all the crops from the farm ineligible for price support in 1955. Likewise, the producer on such a farm would be ineligible for any payment under the 1955 Agricultural Conservation Program.

Application forms for "new farm" corn acreage allotments are available at the County A.S.C. Office, American Bankers Bldg., Jacksonville Jan. 16, 1955, is the last day such applications may be filed.

KOREAN OFFICIAL AT MacMURRAY—Ye-yong Chun, Deputy Governor of the Bank of Korea and former Deputy Mayor of the city of Seoul, Korea, visited MacMurray College in Jacksonville Monday. He secured admission of his daughter, Sun-Chung, for the coming academic year. Mr. Chun is shown here with two MacMurray students from Korea, Yun Ok Park and Jin Paik.

Mr. Chun is in this country primarily to study American banking and the federal reserve system. He stopped off in Jacksonville enroute from Kansas City to Chicago to visit the college where he is sending his daughter next year to study. College administrative officials and representatives of local banks met with Chun at breakfast Monday on the MacMurray College campus.

Chun has served in the Korean Government in a number of important positions since 1933. Prior to his appointment as Deputy Governor of the Bank of Korea, in 1951, he was Deputy Mayor of the City of Seoul. He has also served as President of the Korean Housing Authority, chief of the Ministry of Education, and chief of the Bureau for Economic Affairs in the Ministry of Foreign Affairs. Mr. Chun is a participant in the Foreign Leader Program of the International Educational Exchange Service of the U. S. Department of State.

At the present two Korean girls are enrolled in school. Miss Jin Paik and Miss Yun Ok Park. Jin, a music student of concert caliber, has performed at the piano for various civic groups in this area. Her study here is made possible by a scholarship jointly supplied by the college and the local Rotary club. The Paik family has been prominent in education, government and church circles in Korea for many years. Jan's father is one of the founders of Chosen Christian College. He was captured by the Communists during the recent war and the family has never heard whether he still lives. Her brother also served in the government and was taken prisoner.

Yun Ok Park is a freshman majoring in chemistry. Her home is in Pusan, Korea, and her study here is made possible by scholarship granted by the college and financial aid from the First Presbyterian Church of Jacksonville. Both

girls studied in Korean colleges before coming to MacMurray.

MOBILE MARRIAGE LASTS

FLINT (AP)—Mr. and Mrs. Albert Meeboer, who were married while they "whirled around a race track" in a horseless carriage have celebrated their Golden Wedding anniversary.

Back in 1904, an automobile dealer in Muskegon, Mich., advertised he would give a wedding ring, furniture, and boat trip to the couple that agreed to be married while driving around the fairgrounds racetrack.

Meeboer and his fiancée responded, and the Muskegon Chronicle reported they were married "With the scent of gasoline... as they whirled around a race track at 20 miles an hour."

Fifty years later, the Meeboers did not choose to re-enact the event. They celebrated at home with an open house.

SHORT RANGE ARCHAEOLOGY

Kalamazoo, Mich. (AP)—Historians are digging into a big Indian mound here. They have unearthed a quart bottle of coins and papers buried 100 years ago. The Indians had nothing to do with the bottle, which was buried by Alexander J. Sheldon, an early day politician.

Alexis A. Prans, director of the Kalamazoo Museum, plans to continue digging. He says that "mound builders" never threw up such perfectly-formed earth works without burying something really valuable in them."

PATH OF VICTORY

HARRISBURG (P)—The Pennsylvania Museum commission reports the most notable war victory demonstration ever made in the Commonwealth followed destruction of the Spanish fleet during the Spanish-American War.

To celebrate the victory, youngsters of Berks county, gathered at a traditional meeting place on a mountain to push "the Rocking Stone" a huge boulder that teetered as if on a pivot.

The tradition was that the stone would make strange sounds like a crying man. Youngsters had pushed the stone following victories in the Mexican and Civil Wars.

However, the youngsters were a little too enthusiastic in 1898. The boulder rocked over into the valley below, plowing a path through the mountain forest that can still be seen.

PROXY VENGEANCE

KAUNAKAKAI, Molokai, T. H. (P)—L. E. Blomquist, a national Junior Chamber of commerce director for Hawaii, recently visited this island — sometimes called the "friendly island."

While talking to Police Chief Lay Cluny up walked Paul Puua, who had been chosen King of a local celebration. Puua, who had never seen Blomquist, punched Blomquist on the chin. He was promptly arrested and later given a 45 day suspended sentence.

Why had he punched a stranger? Puua said he had been quarrelling with his brothers and had decided to hit the first person he saw.

Rev. and Mrs. Ernest Dawdy were in Murrayville Sunday afternoon at the Baptist church, where two converts, a mother and daughter from the Chandlerville Baptist church were baptized. Rev. Alan Richards, husband of Mr. and Mrs. Dawdy's granddaughter, the former Joyce Arnold, was the officiating minister, and pastor of the church in Chandlerville.

Rev. Perry Sherwin is holding a revival meeting at the Oakdale church, southeast of Roodhouse, and Rev. Ernest Dawdy was the guest speaker there on Sunday.

THE GOOD WORD

GAFFNEY, S. C. (P)—A 25-year-old McKown's Mountain man must attend church each Sunday for the next six months or serve 30 days on the chain gang.

Magistrate Claude M. Mullinax imposed the sentence on a defendant charged with public drunkenness. The defendant promised to comply.

PRISCILLA'S POP

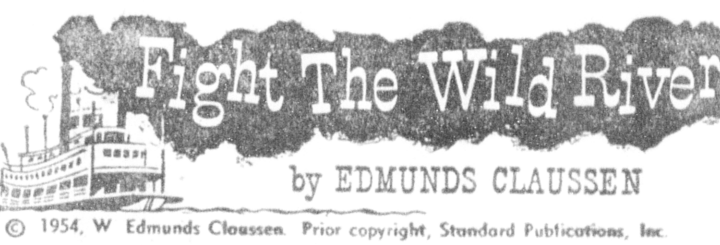

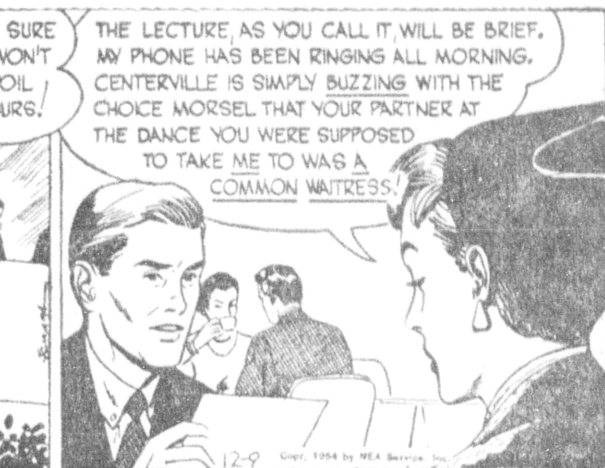

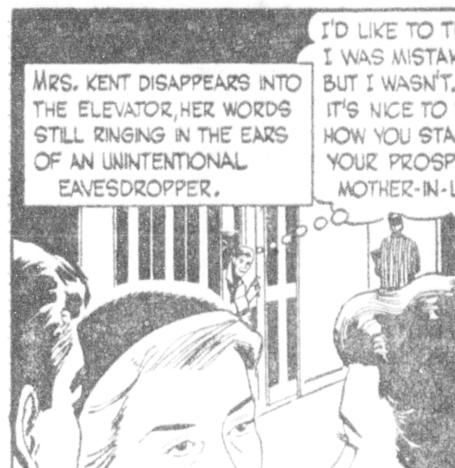

A CHRISTMAS CAROL

By CHARLES DICKENS

THE STORY OF MARTHA WAYNE

By WILSON SCRUGGS

THE STORY: Capt. Irving Crotch, of the steamboat General Heath had some mysterious boxes aboard when he stops at Yuma early in the 60's. He suspected they contain rifles, since troops have been withdrawn from Arizona for service in the War between the States, and the Anchores are terrorizing settlers. Crotch's business, however, is not rifles, but taking miners up the Colorado to search for gold.

III
A TALL, dusty wagon stood waiting on the street; others were rolling in with ungreased axles squealing shrilly. As Crotch's interest caught the scene he made out a gaunt cavalymen with yellow-streaked legs and black felt hat bearing the familiar device of crossed sabers. The soldier's interest was centered beyond, and now the edges of his mouth lifted in a smile.

Crotch's gaze swept on, found the woman and followed her movements in the blurred shadow beyond. She took no notice of the cavalymen, continuing her walk as though he never existed. This was the woman they called Queenie.

Obviously she was not yet aware that Dreyfus awaited her in the pastry shop, as he had said. She commenced slowly to cross the road toward the mud-walled shop where she baked and sold her goods. As Crotch watched she broke her stride in midstreet. Now she turned and, lifting her skirts higher, fairly ran toward the Gila House. Crotch's gaze fastened on a figure leaning against the ramada's post support. This man was the cause for Queenie altering her direction.

The man leaning against the post was Radcliff Burke, a superb fellow with a hand-physique, with luminous eyes, a faint of violence about them. He had booked passage during the late afternoon, and Crotch had

then experienced the feeling he had signed on something unholy. It was probably coincidental, but Burke had taken passage immediately after the mining machinery had been stowed aboard.

Meaningful looks darted between man and woman as Burke recognized Queenie. There was no greeting, no smile to soften his handsome mouth. He wheeled, snubbing her mercilessly, and passed through the hotel's thick-walled entranceway.

Queenie stopped in her tracks. Her expression, as Crotch came abreast, was still fighting off shock. She had been hurt, deeply humiliated. Yet she smiled at Crotch, a momentary glimpse of pleasure before she gave way to her former hurt.

He tipped his cap. "You know him, Queenie? You want me to teach him manners?"

Her face was longish, with sad brown eyes. Her sensuous lips were now faintly quivering. "Radcliff Burke," she murmured, then turned.

She paused with her back to him, as though uncertain. She was scarcely beyond her teens. "Is he going upriver on the General Heath?" she asked barely above a whisper.

Crotch thought about her question, saw no harm in it and told the truth. Then Queenie walked on. She brought alive active regret in Crotch. A woman invariably loved the wrong man.

Its unfairness brought Crotch an annoying anger. His own youth flashed back for him and he felt pity for Queenie. But his sympathy was infinitely more profound for Cal Dreyfus.

CROTCH stalked on into the he was finally forced to admit, hotel, feeling the close heat of tight walls pressing about him. This place had been built to

eat to the demands of emigrant trains.

What worried him primarily, were Surt Logan the mail owner at La Paz and Jim Melott an engineer; he judged both would be men who lived true to their convictions.

He came to room No. 11, glanced up the hall and found it deserted, then knocked on the panel and tried the handle. The door was unlocked. Major Murphy sat on the iron bed, smoking a cheroot. He was a wiry officer with a bold, bony nose and with stingers of gray in his hair. The worked-down look on his face told what Indian problems could do to a soldier. But there was steel in the major and he smiled as Crotch slipped inside.

"Ah, Crotch! I've been waiting for this!"

"But why here?" the captain asked stiffly.

"We meet at the Gila House because no one else must hear what we say."

NORMALLY the major was a fair man, seldom asking the unreasonable; he was mild-mannered and considerably more friendly than the usual post commandant. But at the moment Crotch suspected the plans the major was formulating. He said heavily, "What needs saying can be quickly told. I don't fancy carrying your boxes to La Paz."

A shadow of defeat darkened Murphy's eyes—and was gone. "So you believe there's something wrong with the shipment?"

"A man hasn't hauled cargo all his life without knowing the dead weight of mining machinery. Which your boxes are not!"

"You think you know what the contents?"

Crotch was still a moment. His convictions had nothing solid to build on. And yet he read the correctness of his fears in the major's faintly sly glance. It sent anger crashing through him. "They're rifles!"

"Captain, do sit down! And don't raise your bull's voice. They're Springfield 58's!"

"You're not using me for your war!"
